

PROFILE SUMMARY

Results-driven Full Stack Developer with extensive hands-on experience in React.js, Java, and Python, specializing in the creation of dynamic web applications, dashboards, and REST APIs. Demonstrated expertise in integrating frontend and backend systems to deliver scalable business solutions, particularly in AI/ML and Generative AI. Committed to leveraging innovative technologies to drive efficiency and enhance user experiences. Available for immediate engagement to contribute to impactful projects.

TECHNICAL SKILLS

- **Frontend:** React.js (redux and Zustand), Next.js, JavaScript (ES6+), HTML5, CSS3.
- **Backend:** Java, Python (Numpy, Pandas).
- **AI/ML & GenAI:** Machine Learning, Deep Learning, Generative AI.
- **Database Tools:** MySQL, PostgreSQL, Git, GitHub, Postman.

PROFESSIONAL EXPERIENCE

Higher India Pvt. Ltd | Full Stack Developer | Feb 2025 – Present

- Developing and maintaining scalable frontend services using React.js.
- Built an end-to-end UCS enterprise system covering attendance, leave management, salary processing, and HR policy workflows.
- Implemented JWT authentication and role-based access control for secure data access.
- Managing MySQL/PostgreSQL databases and optimizing complex queries for performance.
- Contributing to the AYUSH project, developing backend APIs and supporting frontend integration.

Sunrises Infotech Pvt. Ltd | Frontend Developer | Aug 2024 – Jan 2025

- Developed high-performance web applications using React and Next.js.
- Designed and implemented reusable React components for the real estate application, enhancing code maintainability and consistency across the internal app, and improving code reusability by 40%.

PROJECTS

Fake Image Generation (AI/ML & Generative AI)

- Implemented an AI-based system to generate synthetic images using Deep Learning models.
- Utilized Python to process datasets and optimize generative neural networks for high-fidelity output.

Enterprise UCS Platform

- Developed a centralized system with modules for PMS, job postings, and automated salary slip generation.
- Integrated real-time data tracking for attendance and leave management.

EDUCATION & TRAINING

- **Master of Computer Applications (MCA)** | UPES | 2022 – 2024
- **Bachelor of Science (BSc)** | Meerut College | 2018 – 2021
- **Training:** Java & React.js Full Stack Development – Ducat | 2024-2025
